BALTIC MILTECH SUMMIT 2025

aims to foster new and existing synergies between private and public sectors, NATO and EU policymakers, industry, and research bodies in developing and applying cutting-edge military technologies.

The concept:

- May 6th, Germany business forum
- May 7th, Conference, B2B meetings, Networking event
- May 8th, Live Firing Show (Pabrade)

Location:

Vilnius, TBC

1

INTERNATIONAL CONFERENCE

Immerse yourself in the discussions on how innovative defence ecosystems are developed and how the industry can be the catalyst for technological change and innovation.

2

B2B MEETINGS

Let your potential partners know who you are, what you do, how your work and how you can help them grow.

3

NETWORKING

Meet new like-minded people, have conversations and build strong connections with potential partners.

WHO IS ATTENDING?

- Lithuanian defence industry representatives
- International businesses
- Military representatives
- Governmental officials
- Research and development institutions
